Messy and cluttered yards lead to rodent problems. Just a reminder the compost area is open for branches, grass clippings, garden materials. NO garbage bags, pallets, etc. are to be left at compost area; if they are out there the Town of Bredenbury is subject to a fine and the compost area will have to be closed.

Burn Permits and Fire Pits:

This is a reminder that if you want to have a burn that is not in an enclosed fire pit, you must obtain a permit from the Town office or Fire Department. There will be very few instances where you can burn in town without a fire pit; but one example might be a homeowner that lives on the outskirts of town wanting to burn a pile of grass.

The bylaw with regards to Outdoor Fires, this will tell you also how far your fire pit needs to be from trees and buildings as well.
